

Recommendations for Cabinet that will resolve in an action being taken:

Scrutiny Committee 6 October 2022

Minute 34 Beach and river water quality

1. For the District Council to liaise with the various local groups, Rivers Trusts, and the Environment Agency to help set up local volunteer group networks to carry out "Citizen Science monitoring" of our rivers and watercourses to provide the best possible data throughout the district.
2. For the District Council to liaise with landowners and farmers, the EA and Flood Resilience groups and other stakeholders to provide nature-based solutions.
3. To work with SWW on a strategy that will aid understanding and provide a clear direction of travel to reduce pollution and protect our beaches and clean our rivers.
4. For the District Council to request that South West Water provide real time data on their website.
