**Report to:** **Licensing and Enforcement Sub Committee**

**Date of Meeting:** 29 March 2017

**Public Document:** Yes

**Exemption:** None

**Review date for release** None

**Agenda item:** 6

**Subject:** **Determination of an application to licence a Private Hire vehicle which does not comply with the Council's vehicle age policy**

**Purpose of report:** It is the district council's policy that on initial licensing as a private hire, a vehicle shall not be more than four years old from the date of first registration as shown on the registration document, and shall not normally be licensed in the case of ordinary cars beyond eight years old. Vehicles continuing to be licensed beyond this age shall be subject to a satisfactory test certificate being obtained every six months.

**Recommendation:** That the Sub Committee considers the application to licence a silver Mercedes Benz E250 vehicle registration number LG61 LWA as a private hire vehicle and determine whether to refuse the application or make an exception to the District Council's vehicle age policy and agree to licence the vehicle. Being five years and six months old the vehicle falls outside of the criteria in the policy as agreed by Council as it is over four years old from date of first registration. It was first registered on the 15 September 2011.

**Reason for recommendation:** To ensure that vehicles licensed with this authority meet a high standard of passenger safety and comfort and are fit to carry out the work that is required as a private hire vehicle.

**Officer:** Lesley Carlo, Licensing Officer, Ext. 2080  
Direct Dial: 01395 517410, Email: lesley.carlo@eastdevon.gov.uk

**Financial implications:** There are no financial implications in this report. If the applicant appeals against the decision made there may be a possibility of court costs.

**Legal implications:** **The legal implications are contained within the report.**

**Equalities impact:** Low Impact

**Risk:** Low Risk

Background Papers

Minutes of Tourism and Transportation Committee, March 1994

**Link to Council Plan:** Living in, working in and enjoying this outstanding place

Main Body of the Report

1.1 The licensing of hackney carriages and private hire vehicles is the responsibility of the council and is governed mainly by legislation under the Town Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976.

1.2 **Section 48 Local Government (Miscellaneous Provisions) Act 1976 states that:**

Licensing of private hire vehicles:

- (1) Subject to the provisions of this Part of this Act, a district council may on the receipt of an application from the proprietor of any vehicle for the grant in respect of such vehicle of a licence to use the vehicle as a private hire vehicle, grant in respect thereof a vehicle licence:

Provided that a district council shall not grant such a licence unless they are satisfied—

(a) that the vehicle is—

- (i) suitable in type, size and design for use as a private hire vehicle;
- (ii) not of such design and appearance as to lead any person to believe that the vehicle is a hackney carriage;
- (iii) in a suitable mechanical condition;
- (iv) safe; and
- (v) comfortable;

(b) that there is in force in relation to the use of the vehicle a policy of insurance or such security as complies with the requirements of [Part VI of the Road Traffic Act 1988],

and shall not refuse such a licence for the purpose of limiting the number of vehicles in respect of which such licences are granted by the council.

- (2) A district council may attach to the grant of a licence under this section such conditions as they may consider reasonably necessary including, without prejudice to the generality of the foregoing provisions of this subsection, conditions requiring or prohibiting the display of signs on or from the vehicle to which the licence relates.
- 1.3 In March 1994 the Council's Tourism and Transportation Committee agreed to consolidate the terms and conditions of hackney carriage and private hire licensing requirements into a policy booklet which should be made available to existing and potential hackney carriage and private hire drivers, owners and operators. The policy states that on initial licensing as a private hire vehicle a vehicle shall not be more than **four years** old from the date of first registration as shown in the registration document.
- 1.4 In support of this application the following documentation has been produced:
- Appendix A - Application for the Grant of a Private Hire Vehicle Licence for vehicle registration LG61 LWA
  - Appendix B - MOT Test Certificate for Mercedes Benz LG61 LWA issued on 4 October 2016
  - Appendix C - Photos of vehicle
  - Appendix D - UK Registration certificate for vehicle registration LG61 LWA showing date of first registration as 15 September 2011
  - Appendix E - Vehicle inspection report for private hire vehicles dated 22 February 2017.
  - Appendix F - GOV.UK vehicle enquiry confirming that vehicle registration no LG61 LWA is taxed
  - Appendix G - Service history details for vehicle registration no LG61 LWA
  - Appendix H - Previous MOT test certificates issued 18 August 2014 and 21 September 2015.
- 1.5 The vehicle is described in the registration document produced at **Appendix D** as a silver Mercedes Benz model E250 SPT CDI registration number LG61 LWA. The body type is described as a four door saloon with an engine cylinder capacity of 2143cc. The vehicle identification no is shown as WDD2120032A483875 and the date of first registration is shown in the registration document as the **15 September 2011**. The vehicle is now **5 years and 6 months old**.
- 1.6 A check has been carried out on the DVLA website as shown at **Appendix F** which shows that the vehicle is taxed with the tax next due on the 1 June 2017.
- 1.7 Mr Gardner has informed the Licensing Officer that he does not intend to insure the vehicle as a private hire vehicle until he knows if this application will be granted. This is standard practice as most insurance companies require sight of the vehicle licence before they will issue the full insurance. Mr Gardner has informed the Licensing Officer that if the committee are minded to grant the application he will provide an insurance certificate covering the vehicle for private hire prior to the licence being granted.
- 1.8 Mr Barry Gardner is a licensed private hire driver and operator with this authority. Mr Gardner already has one existing vehicle licensed with this authority being a silver Ford Tourneo. This vehicle licence was first granted on 22 March 2016. His driver's licence was first granted on the 7 January 2016 and is next due for renewal on 31 December 2019. His Operator's licence was first granted on 22 March 2016 and is next due for renewal on 31 March 2018. Mr Gardner operates from a base in East Devon.
- 1.9 The vehicle has been shown to East Devon Licensing Officers prior to the application being received and upon examination the vehicle appeared to be in good condition.

- 1.10 At the time of inspection by the Licensing Officer on the 21 December 2016 the vehicle's recorded mileage was 30815. Photos of the vehicle taken on this date are attached at **Appendix C**. Mr Gardner has since provided an up to date mileage figure, the mileage as at 15 March 2017 was 37836 (this figure has been provided by Mr Gardner and has not been seen by the Licensing Officer).
- 1.11 The vehicle's configuration is: driver's seat and one passenger seat in the front. In the rear compartment there are three forward facing seats.
- 1.12 If members see fit to licence the vehicle Mr Gardner asks that the vehicle is licensed for 4 passengers.
- 1.13 In support of his application Mr Gardner has provided an MOT certificate attached at **Appendix B** which shows one advisory being tyre worn close to the legal limit nearside rear. Mr Gardner informs us that this tyre has now been replaced.
- 1.14 Mr Gardner has provided service history details for vehicle registration LG61 LWA which are attached at **Appendix G**.
- 1.15 Mr Gardner has been asked to provide as much documentation as he can and he has also been advised that it might be beneficial for the application if he provided an AA 'Comprehensive' test report or a RAC 'Essential Plus' report to indicate the condition of the vehicle. Mr Gardner has decided not to provide one of these documents as he feels that the condition of the vehicle combined with the service history documentation provided is sufficient.
- 1.16 Mr Gardner has provided a vehicle inspection report for vehicle LG61 LWA dated 22 February 2017 which is attached at **Appendix E**. This has been carried out by Strand Garage, Exmouth. This shows the vehicle to have passed all testable items.
- 1.17 The vehicle will be produced by the applicant at the Council Offices on the day of the hearing to enable Members the opportunity to inspect it.
- 1.18 If Mr Gardner receives any more information/reports about the vehicle prior to the committee hearing he will forward it to the Licensing Office or produce it on the day of the committee.
- 1.19 Should this application be refused the applicant has the right to appeal the decision to a Crown Court within 21 days.

## **2 Background Information**

- 2.1 As explained at paragraph 1.3, in March 1994 the Council's Tourism and Transportation Committee agreed a policy that on initial licensing as a private hire vehicle a vehicle shall not be more than **four years** old from the date of first registration as shown in the registration document. This is a policy agreed by members following, as in all cases of policy, consultation with the trade. Policy is more than advice and should not be disregarded unless exceptional circumstances apply. In this case this does not just merely mean that the vehicle should be in exceptional condition. Members may need additional exceptional circumstances. It is for the applicant to provide this information. If members are unable to find grounds to make an exception the application should be refused.
- 2.2 When departing from policy Members should state clearly in their decision the grounds for making the exception.

- 2.3 There are seventeen private hire vehicles currently licensed in the East Devon District. Six of these operate from Sidmouth, three from Exmouth, three from Honiton, two from Axminster, two from the Budleigh Salterton area and one from Seaton. These vehicles range in age from 6 months to six years 9 months as follows:  
Under 1 year – one vehicle  
Between 1 and 2 years – no vehicles  
Between 2 and 3 years – four vehicles  
Between 3 and 4 years – two vehicles  
Between 4 and 5 years – five vehicles  
Between 5 and 6 years – three vehicles  
Between 6 and 7 years – two vehicles
- 2.4 Of the existing seventeen private hire vehicles licensed at present, one was over four years old at initial application. This vehicle was four years 8 months old at application and was a wheelchair accessible vehicle. This was granted by committee.

### 3 Conclusion

- 3.1 This vehicle was registered on **15 September 2011** making it 5 years and 6 months old. It has a recorded mileage on 21 December 2016 of 30815. It has a recorded mileage on 15 March 2017 of 37836 (not verified).
- 3.2 It is the Licensing Manager's recommendation that only if members are satisfied that there are exceptional reasons for doing so should this application be granted. Issues that members should consider include the condition of the vehicle when presented and the information included within the documentation listed in the appendices. Members will have the opportunity to hear from the applicant and inspect the vehicle.
- 3.3 When considering the application, members must not refuse the application purely for the purpose of limiting the number of private hire vehicle licences granted by East Devon District Council.
- 3.4 The vehicle appears in good condition for its age and a MOT certificate and vehicle inspection report have been supplied. However, if members feel that either an AA 'Comprehensive' test report or a RAC 'Essential Plus' report on the vehicle is required before they are able to make a decision, the Sub Committee has an option to adjourn the hearing to enable the applicant to provide one of these reports.
- 3.5 Should members be minded to grant this application it is requested that the decision should include a requirement for the applicant to provide, before the vehicle is licensed, a current insurance certificate specifying that the vehicle is insured for '*use by authorised persons for the carriage of passengers or goods for hire or reward by prior arrangement/booking only*' or similar.
- 3.6 If this application is refused the applicant has the right of appeal the decision to a Crown Court within 21 days.

## 12. What you need to know about the V5C and your responsibilities

**Selling or transferring your vehicle privately**

Vehicle tax or Statutory Off Road Notification (SORN) can't be passed on when a vehicle changes hands.

**What you, the registered keeper must do.**

- fill in section 6 (give the name and UK address of the new keeper)
- fill in section 10 (V5C/2) and give it to the new keeper
- notify DVLA of the sale/transfer online at [www.gov.uk/sold-bought-vehicle](http://www.gov.uk/sold-bought-vehicle) or
- send the V5C to DVLA, Swansea, SA99 1BA

If you want to keep the registration number, you must do this before you sell/transfer it. You can do this online at [www.gov.uk/keep-registration-number](http://www.gov.uk/keep-registration-number)

**What the new keeper/person buying the vehicle must do:**

- keep section 10 (V5C/2) until they get their new V5C
- tax the vehicle immediately using section 10 (V5C/2).

**What we will do:**

- update our records with the new registered keeper details

- send you an acknowledgment letter within 4 weeks to confirm you are no longer liable for the vehicle, and issue an automatic refund of vehicle tax (if applicable) within 4-6 weeks. If you paid vehicle tax by Direct Debit, this will be cancelled.

If you do not get an acknowledgment letter or refund from us within the above time-scales you should contact us at [www.gov.uk/contact-the-dvla](http://www.gov.uk/contact-the-dvla) as you could be liable for the vehicle and may get a penalty and/or be prosecuted.

**Your name and/or address details.**

- if the details in section 5 are wrong or you want to change your name or address, fill in section 6 and send the whole certificate to DVLA, Swansea, SA99 1BA. Do not tick the new keeper box. You should also make sure you tell us about these changes on your driving licence by sending it to DVLA, Swansea, SA99 1BN.

There is more information at [www.gov.uk/vehicle-registration](http://www.gov.uk/vehicle-registration)

## Terms and Conditions

We ("The Company") accept vehicles in order to provide Goods and/or Services. Services includes, but is not limited too, repairs, inspection, determining and estimating repairs, storage, garaging or pending sale or for any other purpose. The provision of Goods and Services are subject to the following terms and conditions (in addition to any conditions stated on the front) -

### Orders/Estimates/Deposits

1. Estimates are valid for 28 days from the date given. If instructions are not received from a customer (in response to an estimate rendered) within 28 days, the Company may invoice for reasonable storage charges from the date the vehicle was received until its collection. (Note - The Company does not as a general rule make any such charge for garaging pending instructions, if the repairs are ultimately carried out by the Company and duly paid for)
2. (i) All estimates by the Company are subject to change caused by variations to the Company of labour, material and spare parts at the date of estimate. In the event of any variation occurring before or after acceptance of the estimate the Company may if it thinks fit require the Customer to pay on completion of the work any increase due to such variation.  
(ii) If no estimate is provided or if part only of the work covered by the estimate is carried out the Company shall be entitled to charge a reasonable and proper price for the work done (including any stripping down leading to determination as to the practicability or otherwise of any work and reassembly) and for materials and spare parts supplied.  
(iii) The Company may refuse to carry out all, or part of any work for any reason whether or not an estimate has been provided.  
Variations to the estimate, the scope of the repair or work, the prices chargeable shall be subject to all these terms and conditions, and so that any such variation shall not be deemed to constitute or create a new or separate contract.
3. Orders received, for Goods and/or Services, from any driver employed by the Customer, or by any person who is reasonably believed to be acting as the Customer's agent, or by the order of any person to whom the Company is entitled to make delivery of the vehicle, shall be binding upon the Customer.
4. The Company may demand a deposit before commencing any work. The Customer shall co-operate with the Company in all matters relating to the Services

### Delivery/Completion

5. Every endeavour will be made to provide the Goods and/or Services by the estimated time, but the Company shall not be liable for any delay in completing the Goods and/or Services. Time shall not be of the essence in respect of this clause. Risk passes on delivery or where relevant on collection.

### Payment

6. Payment for all Goods and/or Services, repairs and/or spare parts supplied is due on completion of work. The Goods and/or Services, repair is completed for the purpose of these terms and conditions when notice has been given that the vehicle is ready for collection. All Goods and/or Services shall remain the absolute and unencumbered property of the Company until such time as the Company has received cleared payment in full from the Customer in respect of such Goods and/or Services. Cheques will be accepted only within the limits of a valid banker's card.
7. The Company shall have a general lien on all of the Customer's vehicles and all their contents for all monies owing to the Company by the Customer on any account whatsoever. The Company shall be entitled to reasonable storage charges during any period in which the vehicle is retained by virtue of the lien.
8. If the Customer's indebtedness to the Company is not satisfied within three months from the date of the first invoice to the Customer, the Company may without notice, sell any vehicle owned by the Customer and/or the contents thereof by public auction or private treaty. The net proceeds of the sale shall be applied towards satisfying monies due from the Customer to the Company, and any balance shall be paid by the Company to the Customer on demand.

### Collection

9. Where in any case a driver who, so far as the Company is aware, has the authority to collect the vehicle, collects the same, the Company shall not be responsible to the Customer for any loss or damage resulting, on the grounds that such driver had in fact no such authority, and this notwithstanding that delivery may have been made without payment of the Company's account. It shall not be obligatory upon the Company to seek confirmation of the authority of any person reasonably believed to be then, or to have been at some time, connected with the Customer.
10. If a vehicle is not collected, and the Company's charges are not paid within 24 hours after the delivery of the vehicle to the Company, the Company may charge reasonable storage costs in respect of the vehicle from the date of completion of the repairs until collection or disposal under Section 8 hereof or as the case may be.

### Limitation of Liability

11. Where the Customer is not a consumer, all statements, conditions or warranties as to quality of the Goods or their fitness for purpose whether expressed or implied by law or otherwise are hereby expressly excluded. Where the Customer is not a consumer, all statements, conditions or warranties as to performing the Service to a reasonable standard of care whether expressed or implied by law or otherwise are hereby expressly excluded.
12. The Company is not responsible for loss or damage to vehicles or other property whatsoever or however occasioned, except when such loss or damage is caused by the sole negligence or deliberate act of the Company or its servants. Under no circumstances will the Company accept liability for loss or damage outside its control or for any indirect loss, consequential loss, loss of profits, loss of business, loss of use or any special loss.

### General

13. In connection with any inspection, repair, or contemplated repair, other Services or any purpose for which a vehicle is accepted by the Company, the Customer is deemed, unless express notice in writing is given to the contrary, to have authorised the driving of the vehicle on the road or elsewhere.
14. The Customer shall be entitled to the benefit of any warranty to which the Company is entitled as against the manufacturer of parts and materials supplied or any sub-contractor. All work carried out by the Company is warranted against failure due to defective work for a period of three months / 3000 miles, whichever occurs the first. This warranty extends only to repairs actually undertaken and does not cover progressive fault diagnosis. It does not affect any statutory rights.
15. All parts removed by the Company in the course of repair shall, if not claimed by the Customer within 14 days after the completion of the repair be deemed to be owned by the Company and they shall become the Company's absolute property. Parts returned are subject to a handling charge. Parts specially ordered are not returnable.
16. Any notice to the Customer posted to his last known address shall be good notice. Any query regarding this invoice to be made in writing within 14 days of receipt.
17. Save where the context forbids, the expression 'vehicle' wherever used in these Conditions includes car, lorry, van, trailer, caravan, invalid carriage and cycle, and as a separate unit or otherwise, engine, axle, gearbox, clutch, generator, starter, battery, and each and every component of a vehicle.
18. No alteration or qualification of these printed terms and conditions shall be effective unless in writing, signed on behalf of the Company by a Director or a duly authorised officer of the Company. No other person has any authority to alter or qualify in any way the above printed conditions or to enter into any contract for repair for any of the purposes set out in the preamble above on behalf of the Company otherwise than on such conditions.
19. Unless otherwise stated, all service work undertaken is carried out in accordance with the manufacturer's schedule.
20. Customers are strongly advised to remove all items of value not connected with the vehicle when leaving it on the Company's premises since the Company cannot accept liability for any loss or damage to the same except in consumer transactions when this is shown to have been caused by a lack of reasonable care on the part of the Company.
21. If the Company's performance of its obligations under the Contract is prevented or delayed by any act or omission of the Customer, its agents, subcontractors, consultants or employees, the Company shall not be liable for any costs, charges or losses sustained or incurred by the Customer arising directly or indirectly from such prevention or delay.
22. The Customer shall be liable to pay to the Company, on demand, all reasonable costs, charges or losses sustained or incurred by the Company arising directly or indirectly from the Customer's fraud, negligence or failure to perform or delay in the performance of any of its obligations under the terms and conditions.
23. The Company shall have no liability to the Customer under the terms and conditions if it is prevented from, or delayed performing, its obligations under the terms and conditions or from carrying on its business by acts, events, omissions or accidents beyond its reasonable control, including (without limitation) strikes, lock-outs or other industrial disputes, failure of a utility service or transport network, act of God, war, riot, civil commotion, malicious damage, compliance with any law or governmental order, rule, regulation, direction, accident, breakdown of plant or machinery, fire, flood, storm or default of suppliers or subcontractors.
