246 **Planning appeal statistics**

The Committee received and noted the Development Manger's report setting out nine appeal decisions notices, of which seven had been dismissed and two allowed.

The Development Manager drew Members' attention to the two appeals allowed and advised the appeal of application 20/0848/FUL which related to an educational facility in Poltimore had been allowed as the Inspector felt the applicant had justified the location for the school. The appeal of application 20/0411/LBC for the removal of an existing rear porch and construction of an extension to the rear elevation was also allowed as the Inspector determined the importance of maintaining the building would outweigh the harm to the listed building.

The Committee noted an end of year report would be going to Strategic Planning Committee shortly to outline the Local Planning Authority's performance with regard to appeals for last year.

Members considered that:

1. By reason of its design, scale, height and bulk the proposed building would create a visually intrusive and discordant feature within the streetscene which would be out of character and detrimental to the character and appearance of the area. The proposal would be contrary to the provisions of Strategy 6 (Development within Built-Up Area Boundaries) and policy D1 (Design and Local Distinctiveness) of the Adopted East Devon Local Plan 2013-2031 and EB2 of the Exmouth Neighbourhood Plan.
2. The proposed development by reason of its height, bulk, massing and proximity to the site boundaries would result in an unacceptable relationship with the surrounding properties with an unduly harmful overbearing and over dominant impact which would be to the detriment of the residential amenities of the occupiers of surrounding properties. The proposal is considered to be contrary to the provisions of policy D1 (Design and Local Distinctiveness) of the Adopted East Devon Local Plan 2013-2031).

2. That the proposal would result in a harmful visual impact on the Conservation Area
