Report in full

1. Background and Proposals

- 1.1 This report presents the proposed accounting policies to be adopted for the 2021/22 financial year and to be used in the preparation of the statement of Account for the financial year ending 31st March 2022. Adopting the proposed policies will support the timely production of a high quality set of annual accounts.
- 1.2 The CIPFA (Chartered Institute of Public Finance and Accountancy) LASAAC (Local Authority (Scotland) Accounts Advisory Committee) Local Authority Accounting Board is a standing committee of CIPFA and LASAAC and is responsible for developing the Code of Practice on Local Authority Accounting in the United Kingdom.
- 1.3 The Code of Practice prescribes the accounting treatment and disclosures for all normal transactions of the Council. It is reviewed continuously and normally updated annually by the CIPFA / LASAAC Local Authority Board, effective for the financial years commencing 1 April.
- 1.4 As specified by regulation 21(2) of the Local Government Act 2003, all Local Authorities in the United Kingdom are required to keep their accounts in accordance with 'proper (accounting) practices'. This is defined, for the purposes of local government legislation, as meaning compliance with the terms of the Code of Practice on Local Authority Accounting in the United Kingdom (the Code).
- 1.5 It is therefore essential that the Council's own internal accounting policies are aligned and updated to reflect changes to the Code of Practice and for other transactions that occur during the reporting year.
- 1.6 The Code specifies the principles and practices of accounting required to give a "true and fair view" of the financial position, financial performance and cash flows of the Council.
- 1.7 For 2021/22 there are currently no changes identified. Any further changes to accounting regulations may require the policies to be changed further, but none are anticipated. Any significant changes will be reported to the committee.
- 1.8 The proposed accounting policies are presented via the link within the report and do not depart from the provisions of the 2021/22 Code.

2. Future Key Accounting Changes

- 2.1 The Leasing Standard IFRS16 which was due to be adopted on 1st April 2020 by Local Government has been delayed to the 2022/23 financial year, this will bring leased assets onto the balance sheet where the lease period exceeds one year. The authority is already following guidance in its preparation to moving to the new requirements.
-

Financial implications:

The policies set out for approval underpin the Council's reporting on its financial performance and position. There is little discretion to depart from the policies set down by the Code.

Legal implications:

The legal position is detailed in the report and no further comment is required.
