

APPENDIX F

What's the plan for The Salt Cellars?

Hello! If you are reading this, chances are you have picked up on our licence application and are interested to know some more about our plans for this property. My name is Richard Charlton and it'll be myself managing this café and hopefully developing it into a real asset for the community here.

We intend to open a licenced Deli/Cafe. As well as supplying delicious sandwiches, cakes, teas and coffees throughout the week, we will also offer a selection of top quality and locally sourced breads, cheeses, milk and eggs so you can pick up your essentials from us daily. We want to support local producers and showcase a range of the best food and drinks we can get our hands on.

Initially, we will open during the days only – but our goal is to extend to opening on Friday and Saturday evenings so that we can sell drinks from independent producers including beer from our own microbrewery (Many Hands Brew Co.), wine by the glass and the finest of the local spirits and non-alcoholic options.

We would love to hear from you if you have any suggestions on local suppliers you would like to see available or if you have any further questions on our plans. My email address is rich.charlton99@googlemail.com. Alternatively, if you drop a note through the door with a way of getting back to you then I'll aim to answer as soon as I can!

We are excited to build something special here in Budleigh and look forward to meeting you soon.
