Data as at: 31 May 2022

## Headcount

<b>Actual Headcount:</b>	507
<b>Full Time Equivalent:</b>	466.56
<b>Budgeted FTE for 2022/23:</b>	475.5

*This data incorporates permanent, fixed term and apprentice employees. It excludes casuals, agency workers and contractors.*

*Headcount is the actual number of employees.*

*Full Time Equivalent (FTE) measures employees in a way that makes them comparable although they may work a different number of hours per week. The unit is obtained by comparing an employee's average number of hours worked to the average number of full time hours. A full-time person is therefore counted as 1 FTE, while a part-time worker is a proportion of 1 FTE. For example, a part-timer employed for 18.5 hours a week where full-time work consists of 37 hours, is counted as 0.5 FTE.*

**NOT Recruiting Vacancies** - Vacancies that are not currently part of the recruiting process, where a valid Authority to Recruit is in place or the position has been vacant for less than 1 month. This may be because they are on hold or recruitment is being prepared.

**Recruiting in Progress** - Vacancies being recruited to.

**Average length of time a vacancy is vacant** – this counts the number of calendar days a Recruiting in Progress Vacancy has been vacant. The count is from either when the post became vacant or when a new post was added to the HR system. It is only possible to calculate this figure for the Council as a whole due to HR system capabilities.

**Agency** - The number of posts that are currently filled by Agency Workers. The numbers by Service or costs are not held centrally in the HR system.

**Market Supplement** – An additional payment made in excess of the job evaluated grade because of recruitment issues linked to market pressures, as per the Market Supplement Policy. Based on the number of people rather than vacant positions that may attract a market supplement.
