

# PROPOSAL FORM FOR ITEMS FOR CONSIDERATION BY THE SCRUTINY COMMITTEE

Submitted by :

Cllr Mike Allen

Please describe the matter you would like considered:

EDDC has three health and wellbeing priorities:

1. To help more people to be healthy and stay healthy
2. To enhance self-care and support community resilience
3. To integrate and improve support for people in their homes

The health of our community impacts many issues for Council services and there are major changes occurring in a new Integration Strategy which is currently being begun in East Devon and the greater Exeter area. Part of this NHS new strategy is to move to pre-emption of ill health rather than acute treatment and the Council has already emphasized healthy eating and exercise in many press releases

But the East Devon Health Strategy will need review in the context of the increased emphasis on home care and enhanced home care which is at the core of the new arrangements. This change will impact on such areas as new housing design policies and home adaptations. These areas are dealt with by Planning and by Disability Adaptation grants. The enhanced home care approach and the increased numbers of elderly and frail residents living in their own homes will also impact on our Home Safeguard service.

The recent release of a presentation summary of the Integrated Care Strategy approach has been offered to Scrutiny by NHS and Devon CC. This is designed for Councillors. The EDDC Annual review of Health Strategy for 2022 was recently updated and provides an explanation of the way EDDC currently works. The recent Health Scrutiny review of Delayed Transfers of Care by DCC is available which gives added insight into the need for Home Care, Cottage Hospitals and emergency services infrastructure.

All these changes means we have all the information needed for a review of what is needed in view of the new Integration Strategy and post-Pandemic situation

## Scrutiny Committees' Role

The Council's Constitution details the role of the Scrutiny Committee in [Article 7](#) and in the Terms of Reference in [Part 3 Section 2](#). It has statutory powers through the Local Government Act 2000.

The following sets out the role of the Scrutiny Committee in general terms:

*The Overview and Scrutiny Committees operate within the guiding principles of effective scrutiny promoted by the Centre for Public Scrutiny, namely:*

- a) Provide a 'critical friend' challenge to the Cabinet as well as external authorities and agencies;*
- b) Its aim is to hold Council to account on behalf of the public and its communities;*
- c) Take the lead and own the scrutiny process on behalf of the public;*
- d) Make an impact on the delivery of public services*

*The **Scrutiny Committee** will principally take the lead and own **the post decision scrutiny process** (in its widest sense) on behalf of the public with a view to making an impact on the delivery of public*

More specifically the role and powers of the Scrutiny Committee are to;

- *Review and scrutinise the decisions made by and performance of the Cabinet and Council officers both in relation to individual decisions and over time.*
- *Review and scrutinise the performance of the Council in relation to its policy objectives, performance targets and/or particular service areas.*
- *Question Members of the Cabinet and Senior Officers about their decisions and performance, whether generally in comparison with service plans and targets over a period of time, or in relation to particular decisions, initiatives or projects.*
- *Make recommendations to the Cabinet and/or Council arising from the outcome of the scrutiny process.*
- *Review and scrutinise the performance of other public bodies in the area and invite reports from them by requesting them to address the Scrutiny Committee and local people about their activities and performance.*
- *Question and gather evidence from any person (with their consent).*
- *Exercise the right to call-in, for reconsideration, decisions made but not yet implemented by the Cabinet and/or a Portfolio Holder Member of the Cabinet.*

Please note the following:

- Scrutiny aims to improve the efficiency and effectiveness of Council Services
- The Scrutiny Committee can gather evidence on issues affecting local people and make recommendations based on its findings.
- It is important to demonstrate that scrutiny work adds value for local people.
- Those scrutinizing should be independent-minded but not apolitical although political point scoring should be avoided.
- Individual planning and licensing decision cannot be considered and nor can matters concerning an individual or entity where there is a right of review or appeal conferred by law being considered by the committee unless it relates to a function for which the authority is responsible not being discharged at all or that its discharge has failed or is failing on a systemic basis.
- Scrutiny will not consider matters which are vexatious, discriminatory or are not reasonable to be included in the agenda.
- You can identify and prioritise potential scrutiny topics, considering the resources they would require and the level of impact they could achieve by:
  - consulting with all members of scrutiny committees, senior officers, cabinet members
  - looking at corporate priorities, business plans and the Forward Plan
  - consider events and decisions in the council's calendar that could require an input from scrutiny
  - evaluate previous council performance and identifying any follow-up work required to previous scrutiny work
  - carry out work to engage with local people, for example through surgeries, local media, opinion surveys and online forums
  - work towards a common target in their questioning of witnesses
