**Report in full**

1. The EDDC’s Partnership Policy requires all partnerships identified by the council to be reviewed annually. There are currently 12 active partnerships as defined by our policy which states that EDDC uses the following as the definition of a partnership: “An agreement between two or more independent bodies to work collectively to achieve an objective.” Also a partnership must reflect the following criteria:
  - critical to the delivery of the Council’s corporate priorities
  - strategic in nature
  - require significant resource input from the Council
  - have constitution and governance arrangements in place
  - have multi-agency membership
  
2. For this year-end review for 2021/22 all lead officers involved with a partnership were asked to assess the overall partnership, reviewing budget issues, achievements, forward plans and the ongoing benefit of continuing engagement with the partnership.
  
3. The partnerships are active and met at least three times annually, some more often. There are no major current budget issues with any of the partnerships although most receive some funding from EDDC. It is recommended that our involvement with each of the partnerships continues with benefits of continued engagement with each being outlined below.
