Headcount

Actual Headcount:	524
Full Time Equivalent:	484.52
Budgeted FTE for 2022/23:	531.8

This data incorporates permanent, fixed term and apprentice employees. It excludes casuals, agency workers and contractors.

Headcount is the actual number of employees.

Full Time Equivalent (FTE) measures employees in a way that makes them comparable although they may work a different number of hours per week. The unit is obtained by comparing an employee's average number of hours worked to the average number of full time hours. A full-time person is therefore counted as 1 FTE, while a part-time worker is a proportion of 1 FTE. For example, a part-timer employed for 18.5 hours a week where full-time work consists of 37 hours, is counted as 0.5 FTE.
