

**Recommendations for Cabinet that will resolve in an action being taken:**

**Recycling and Waste Partnership Board on 01 February 2023**

**Minute 29 Waste stream composition analysis**

**RECOMMENDED:**

1. that a research project be conducted to investigate the potential for a separate kerbside AHP collection and the results brought back to a future meeting of the Board.
2. that a publicity campaign be approved to increase the capture of the high percentage of unrecycled materials in the residual waste stream, with visuals of a bin hanger (and consideration of a sticker) coming to the next Board meeting.
