Whilst I do not object to the new design for the cricket pavilion and understand its objectives, I am concerned that increasing it to two storeys will make it more visible from the East Budleigh Road, particularly near the junction with the turn off to Exmouth as you come out of East Budleigh. The land is in an Area of Outstanding Natural Beauty and outside the town boundary but I gather that a screen of trees has been planted to hide the building from any viewing spots. I hope it will be a condition to make sure that these trees survive and thrive so that the landscape will not be dominated by the structure.
