Representation
Licensing application No. 055718, New Application
Premises Licence with Alcohol, Budleigh Salterton Cricket Club

Dear Sir, Madam

We refer to the above application.

We live [REDACTED] [REDACTED] [REDACTED] We are very concerned about the current application and the effect that it will have upon the neighbourhood and surrounding wildlife, in terms of the requests for performance and playing of live music which are extremely worrying. This is a quiet neighbourhood situated on the sides of the Otter Valley nature reserve, a site of Special Scientific Interest.

We notice that the application states '*the club does not anticipate noise levels to have a negative impact at any time given the nature of its business and the fact that the bar area is a considerable distance from residential properties*'.

Noise that will emanate from the playing and performance of music (in and outdoors) - please note that we can hear noise that emanates from any event the club has had in the past when it was over 600 meters away and we can also hear music from Bicton Park when they have events. The new club is close to us and other residents are closer still. Please review the above statement in the application.

We fully support the relocation and development of the club but it is a local town cricket club and not an events venue. Whilst we appreciate they may wish to have club social events we would ask that outdoor music is limited to 5-6 times a year (which will enable traditional summer parties and say at Christmas and bonfire night) which is normal for a local sports club. Whilst we appreciate the club may wish to raise funds it should not be used as a special events venue as we believe this goes beyond being a local cricket club and its spirit in the neighbourhood.

We request more detailed consultation in the local media and town notice boards before any close of representations and that noise levels are considered further in the application in detail.

In view of the above we would kindly also request:

2

1. E: Performance of live music (Indoors & Outdoors) – Indoors be limited to 23:00 on Friday and Saturday with strict noise control and monitoring measures. Outdoor live events be limited to 3 times per year with noise control measures and monitoring.
1. F: Playing of recorded music (Indoors & Outdoors) – Indoors be limited to 23:00 on Friday and Saturday with noise control measures and monitoring. Provide a limitation on outdoor events 3 times per year with noise control measures and monitoring.
2. J: Supply of alcohol for consumption ON and OFF the premises only - please be limited to 23:00 on any given day
3. Provide specific limitation on the use of fireworks given the nature of the site and proximity to wildlife (and our pets).

Best wishes

Brian Hitchcock
