Current performance update

The current corporate performance indicators are provided at [appendix A](#). We have one indicator that is showing as concern and four which are showing as variation. The rest are on track or have no target at present.

Performance indicator showing as concern - Percentage of Stage 2 complaints responded to within stated timeframes. Update, there are ongoing issues with the housing service in terms of complaint numbers and we are working with them to ensure that good quality, detailed feedback being is provided to the complaints team during their investigations.

Performance framework review

Following a workshop reviewing organisational performance with the Senior Leadership Team (SLT) on the 1st November in which our overall performance framework and corporate performance indicators were discussed the following set of recommendations were agreed.

- Quarterly report on strategic objectives should be made to Cabinet.
- Service plans will be better peer reviewed by the SLT before submission.
